Accordant Company Welcomes Permanent Solutions Clients

Whippany, NJ – November 1, 2009: Accordant Company, LLC, a leading Sage Solution Provider headquartered in Whippany, NJ and Permanent Solutions, a Sage Timberline Office Solution Provider based in Troy, ME have joined forces to create a team of sales and consulting professionals to provide a complete range of technology solutions to the construction and real estate market for the Northeast. The resulting organization will be one of the nation's largest full service technology consulting firms with 2,600 clients and over twenty dedicated client service professionals.

"Permanent Solutions has a long-term successful track record of specializing in the construction segment," said Bob Sandelands, Managing Partner of Accordant Company. "Gary Cross and his team have built a company with a tradition of excellence that will fit right in with how we do business. Gary has been serving the construction industry for over 25 years and brings a wealth of knowledge and experience to Accordant's construction and real estate software practice. He will assume the role of Partner – New England Division and will retain his office in Troy, ME. We are confident that our combined companies will continue to be the preeminent choice for contractors and real estate firms of all types."

Effective immediately, Permanent Solutions. will operate under the Accordant name and will be a Sage Select Business Partner.
