Accordant Bulletin

Accordant hosted its first annual **IMPACT 2008** Sage Timberline Office and Master Builder User Conference on April 17, 2008 at the Sheraton Meadowlands in East Rutherford, NJ.

May 2008

Over 200 people attended the conference and were able to learn new tips and techniques from our 24 different breakout sessions. They also had the opportunity to share their own experiences with the software, and meet other Timberline and Master Builder users. John Geffel - Sage Software General Manager for Construction & Real Estate and Rob Johnson - Sage Software Senior Director Programs provided the keynote address.

"The classes were very informative and the entire event flowed very well and was truly enjoyable. It was a very relaxed atmosphere and your consultants did a great job with providing valuable information. They were both knowledgeable and friendly. It was great to see everyone working together as a team. We are looking forward to attending your next Impact Session." - **Susan Fulton, Firehouse Electrical Services**

"We had a great time at the conference and took home some valuable information. There is so much to learn about Master Builder and I feel that the conference was beneficial because it recharges you to go back and dive into learning more. It also helps to make connections with other people who have insight or knowledge that they can share. We are looking forward to next year's conference."
- April Lutz, Perron Construction
