

Your Digital Transformation Journey with Accordant

At Accordant, we are committed to guiding our clients through a seamless transition from inadequate, disconnected systems to feature-rich, integrated best-in-class cloud ERP solutions and optimized business processes. We call this your Digital Transformation Journey with Accordant.

Each pillar of Accordant supports you on your journey, bringing unique value and working together to support your needs. To learn more about how each team works with you, click on the department name for a detailed overview.

The Accordant Pillars Supporting Your Journey

Creating Harmony Between Business, People, and Technology

At Accordant, each department is integral to your successful journey crossing the bridge.

Our Account Executives begin this journey by identifying your needs and showcasing our solutions, while our Marketing team enhances your experience through engaging content and diverse communication channels. Our Implementation team meticulously manages your unique journey transitioning to new cloud technology, ensuring everything is set up for optimal performance.

Meanwhile, our Information Delivery Group empowers you with critical data insights from your ERP systems and our Product Development team continuously innovates, tailoring our software to meet diverse industry needs.

Dedicated to your long-term satisfaction, our Client Success Management, Client Enrichment Group, and Ongoing Support teams provide personalized support and additional training, maintaining the high level of service you experienced during your initial software adoption.
