Certified Partnership

As a certified partner, STACK's integration with Acumatica ensures a smooth and seamless data sync between the two platforms driving better project outcomes and a more connected business operation.

Acumatica		STACK
Projects	→	Projects
Opportunities	→	Projects
Sales Order	←	Quantities
Project Quote	←	Estimate

What STACK partners are saying:

"STACK understands the lifecycle of a project, and how the estimate is the financial foundation. Their team is dedicated to bringing a state-of-the-art, modern platform to an industry that still estimates projects on legacy systems or spreadsheets."

Shannon Ward
